

Every Inch of the Bates Steel Mule is Thoroughbred

The United States Government by means of the Department of Agriculture, has been looking into the tractor industry, and its bulletins clearly prove that the Bates Steel Mule is the BESTER CLASS of tractors. The successful tractors of the last few years ago that he can't get something for his money. The reason the Bates Steel Mule is the best is that it is worth more. Skilled factory procedure, production and the most modern machinery enables us to make it every turn, yet the BATES STEEL MULE is made only in the beginning to build but considerably longer run to own. It's just another case where a better prior article is far cheaper to own when you can only use it.

The Bates thoroughbred quality comes not from the fact that it is a tractor, but from the fact that it is a tractor that is put there by long experience. There isn't a part that isn't time-tried and there isn't a part that experience hasn't dictated the size of, and in it all there isn't one superfluous part that isn't capable of standing up under the strain it gets in actual use. These are things experience have dictated. The BATES comes to you as a tractor that is the product of a tractor that will endure. That's why we pay for a thing. Value is what we get out of it. The tractor that you will get out of it, and the many working days you have when the ground is under the operations where you cannot afford to pack it and bed, and consider how constantly and economically it has performed even in rush times, you will find the BATES STEEL MULE is the biggest value offered in a tractor on the American market today.

OWNED CAR LINE STARTS
Operation.
The Municipal System Placed in
Operation.
The Detroit municipally owned
railway system was formally
placed in operation Tuesday.
Service began over 11 miles of track
since last April, when the vot-
ers authorized a bond issue of \$15-
million for a system of the kind.
This has made no transfer
with the Detroit United
Company.
